

Comprehensive security renewals assessment completed by independent risk professionals, engaging your clients to provide an objective and impartial assessment of your service delivery mid-contract, creating opportunities to successfully renew.

For further information on this service contact: info@insightretailrisk.com

Our comprehensive onsite renewals service includes:

- Review of the original security contract / loss prevention strategy
- Assessment of objectives & deliverables achieved
- Overview of existing physical security infrastructure / resource and asset deployment
- Summary of financial KPI's – P&L, Inventory Management
- Provision of a detailed renewals report highlighting achievements and improvement opportunities during remainder of contract

“The future of your contract renewal is determined from the very first moment the contract is drafted...regular communication is crucial in deciding whether contract renewal would be an option in the future” Julian Canlas
